Welcome to Diesel Living

Diesel Living - a shot of personality for homes and interiors with Diesel's distinctively freewheeling approach to design. Unexpected and ironic influences shape a world where classic and experimental styles pair up to create something entirely new.

An unbounded exploration of iconography reflects the Diesel Landscape: a mix of industrial styles, dark and adrenalized rock & roll spirit and the bright-toned, mischievous glee of pop. The vintage spirit shines, and aesthetic clashes add luster; textures and surfaces hold surprises, and furniture and objects communicate the racy and provocative spirit of Diesel.

Collaborations with Italy's most illustrious producers of furniture, lighting, objects, kitchens and bathrooms, floor and wall coverings, and home textiles blend the singular message of Diesel Living with the top fabrication of the best of Made in Italy.
